

New visiting policy for Cwm Taf Morgannwg UHB

Due to the latest Government advice and the need to protect patients and our staff, Cwm Taf Morgannwg University Health Board has taken the difficult decision to stop visiting to our hospitals. As of today (March 24th) members of the community are asked not to visit any of our hospitals at all, except for the below:

- **The patient is receiving end-of-life care** (visiting to be agreed with clinical team)
- **One partner or birthing partner accompanying a woman in labour and in the post-natal period for a limited time only. No other visitors will be allowed.**
- **Paediatrics and neonatal areas** (one person only as agreed with the clinical team)

Please note that you must not visit if you are feeling unwell, especially if you have a high temperature or new persistent cough. We have free Wifi across our sites and family and friends of patients are encouraged to keep in contact during this difficult time using online technology.
